

Utah National Guard  
Child & Youth Programs

February 2026

# UTNG Kids Newsletter

Highlights from January and February classes,

# Utah Army National Guard Child & Youth Program

## WHAT WE DO...

We are a youth program focused on providing resources, training and leadership opportunities, as well as creating local community-based networks of support, to meet the social, emotional and academic needs of youth impacted by a family member's military service.

## OUR METHOD...

Everything we do centers on building connection, resilience, and developing life skills in military-connected youth. Our programming incorporates evidence-based curriculum to help these kids thrive as military dependents and build relationships that will support them as they positively transition into adulthood.

## WHAT WE PROVIDE...

### EVENTS

*Day Camps, Community and Partner Outings,  
State Teen Panel, Service Learning*

### RESOURCES

*Deployment Cycle, Education, Behavioral Issues,  
Grief, Wellness, Parenting, Resiliency, Military  
Awareness, Online Support Programs*

### OUTREACH/ PARTNERSHIPS

*Educators, Counselors, Volunteer  
Organizations, Yellow Ribbons, Partner  
Organization Engagement*

# January & Valentine's Highlights

Sewing club and Valentine's Day crafts!

We started the year off strong with a 4-week sewing club at Camp Williams. During these 4 weeks, SFC Elizabeth Even led UTNG kids ages 9-12 in learning basic sewing skills on a sewing machine. Our kids created pillowcases and tote bags. We are so proud!

In addition, our team lead hand-sewing classes at Spanish Fork and West Jordan armories. We hope to continue offering sewing classes in the future!

The first half of February was devoted to Valentine's Day crafts. Kids ages 3-12 created beautiful valentines for their family and friends. We hope you enjoyed seeing your UTNG kid's valentine creation!

# UTNG KIDS CURIOSITY CORNER

Adult + Child Interactive Class

## Nutrition Month!

March 4, 2026

9:30 AM - 11 AM

For Ages 3-5 with an Adult!

At Camp Williams Bldg. 6220
