

Chapter 2 Warrant Officer Commissioning Accessions Physicals - all WOC's (exception future aviators get an Initial Class 1W).

Technical Warrant Officers schedule with your Readiness NCO and Brigade Case Manager to schedule with MEDCOM (MEDCOM, phone number: 801-878-5078 and email is ng.ut.utarng.mbx.meddet-scheduling@army.mil to set up your physical at the Camp Williams Readiness Center, bldg. 9000, 17800 1700 West, Riverton, UT 84065 (only after your Warrant Officer Packet has been almost completely built).

ALL: After your appointment is scheduled and attended. You can expect it to take approximately 4 weeks for the results of the Chapter 2/Class1 W results to be processed with the labs/and Doctor signatures, then will be emailed back to the service member. (Not a bad idea to follow up with an email to check status if blood results came back with an issue, etc.) Please let MEDICAL know that they have your permission to email a copy to the WOSM (Warrant Officer Strength Manager) as well unless the service member wants to hand deliver.
