Career Path DECIDE

Career Path DECIDE (CPD) is a decision support tool to help Soldiers prepare for attending college as well as improve employment opportunities as they transition from military service to the civilian workforce. The CPD Goals Report provides an overview of where a Soldier is now, where they are going, and shows how their skills, interests, values, and lifestyle align with their career and education goals.

THIS IS A REQUIREMENT BEFORE REQUESTING TA FOR FIRST-TIME TA USERS

Please take the following actions:

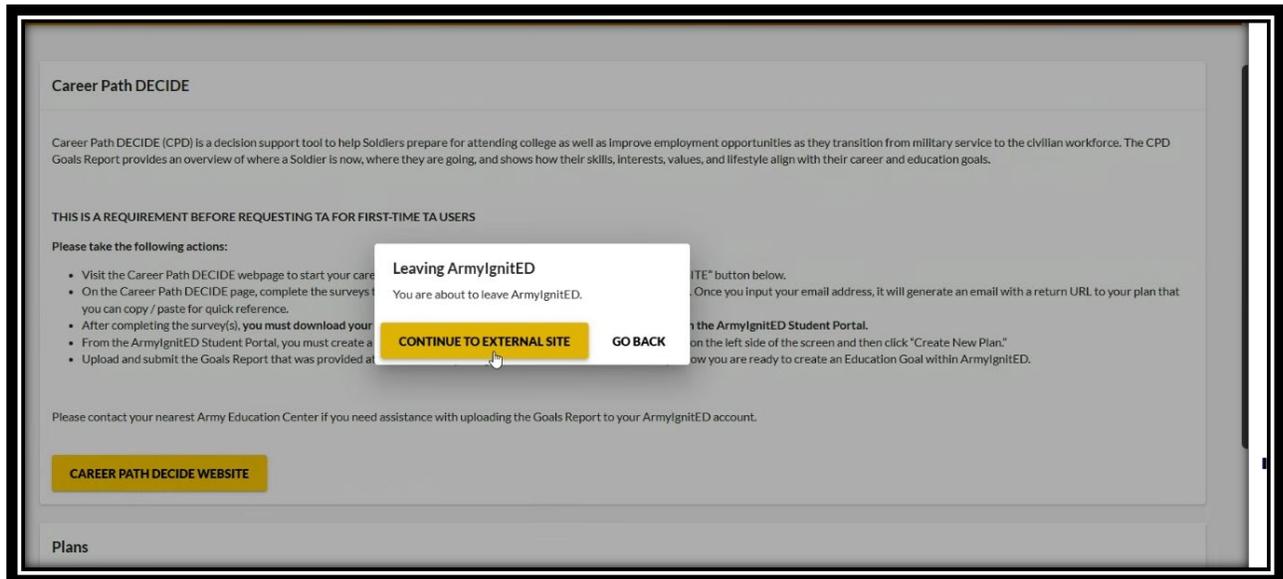

- Visit the Career Path DECIDE webpage to start your career exploration, by clicking the "CAREER PATH DECIDE WEBSITE" button below.
- On the Career Path DECIDE page, complete the surveys to build your target plan. You can also save / retrieve your plan. Once you input your email address, it will generate an email with a return URL to your plan that you can copy / paste for quick reference.
- After completing the survey(s), you must download your Goals Report from CAREER PATH DECIDE and upload within the ArmyIgnitED Student Portal.
- From the ArmyIgnitED Student Portal, you must create a new plan by clicking on the "Career Path DECIDE" menu item on the left side of the screen and then click "Create New Plan."
